Middle School Grade 6 Summer Reading 2019

June 5, 2019

June 2019

Dear Grade 6 Woodward Students and Families:

Summer reading is assigned to promote reading outside the classroom, and in certain cases, to prepare students for specific courses in the upcoming academic year.

Over the summer, all students are expected to read the books required for English and Science – a total of four books. Students are expected to read three additional books of their choice; these may be selected from the free read section included at the back of this packet. Of course, reading more is enthusiastically recommended!

Students must bring their required summer reading books with them on Wednesday, September 11th. Apart from the required titles, students are not restricted to the recommended list. You may wish to visit your local library or a bookstore for additional suggestions.

There is a Reading Log at the back of this booklet where you should list the titles of the books that you read over the summer. You and your parent or guardian are asked to sign the Reading Log form attesting that you have read those books. **Please bring the completed form to your English instructor on September 11th.**

Enjoy your summer and reading!

Sincerely,

Jane Shanny
Middle School Academy Chair

Doug Healy
Academic Dean

English

The school recommends that students enjoy reading as many books as possible over the summer. Please read all of the required texts listed for your grade level below and **at least three other books for Grade 6**. You may choose from the list of recommended books or select other books on your own. There is a Reading Log at the back of this booklet for you to keep a record of your summer reading. Please bring your Reading Log and the required books to class on Wednesday, September 11th.

The Lightning Thief, by Rick Riordan

This is a wonderful introduction to our study of Greek mythology. After reading the book, answer the questions below in complete sentences, either typed or neatly handwritten in ink. You are to submit your answers on September 11th, along with your Reading Log.

1. Which character did you find most interesting and why? Describe **three** traits or characteristics of that character and for each, explain how that trait influenced the actions of the character. For example, perhaps a character tends to be impulsive and consequently ended up in an awkward or dangerous situation.
2. If you could rewrite one important event in the story, which event would you rewrite, how would you change that part of the plot, and why would you change it in that way?
3. What is **one** question about the book that you would like to discuss with your classmates?

Three Bird Summer, by Sara St. Antoine

During your 6th grade year at Woodward, you will meet and develop friendships with students in your own and other grades. This second required book is a story about both the challenges and joys of friendships. Answer the questions below, following the same directions given for *The Lightning Thief*.

1. Briefly describe the key events that allow the friendship between Alice and Adam to develop.
2. What challenges do they encounter in their friendship, and how does their friendship positively change each of them?
3. What qualities do you most value in a friend and why? Describe a friendship (present or past) in your life that you particularly value and explain why that friendship has been so important to you.

Science

Welcome to Earth Science! We have a great year planned. The following book list will get you thinking about all the wonderful things we will learn about this year. The books can be ordered from www.barnesandnoble.com or www.amazon.com. The two books on the list are required.

As you read, you will list fun facts you have learned. Please use the attached forms to list your facts. This packet is due the first week of school and you will receive points toward your first term grade.

Have fun!
